

Diploma of Building and Construction (Building) CPC50210

▼ Course Information

TIV's Diploma of Building and Construction (Building) CPC50210 course is designed with input from residential and commercial builders. This ensures that we are up to date with current requirements, standards and trends. This course is ideal for men and women who intend to pursue careers in areas such as:

- *Site Manager*
- *Project Manager*
- *Construction Manager*
- *Registered Builder**

BUILD YOUR FUTURE

Our Diploma of Building and Construction (Building) CPC50210– Builder Pathway is designed to be delivered in conjunction with the Certificate IV in Building and Construction (Building) CPC40110 course. At the end of both courses you will be awarded two qualifications. This course comprises individual and group activities undertaken at TIV’s simulated construction sites, actual construction sites and in interactive classes throughout the overall program. This course is designed to develop your professional building skills to observe, analyse and evaluate various building operations and processes **as if you were the Builder** *.

Course Duration

This popular course structure is delivered:

- One (1) night per week for nine (9) months followed by up to ten (10) weeks of additional training support of those who require it.
- Optional tutorials

Student Support

Our motto is “no one gets left behind”.

We run tutorial sessions every Saturday morning and some Monday afternoons. Any student can participate. The Student Support Team can be accessed directly for any additional training by any student, or by referral by their trainer. Student support is available for three (3) months after the timetabled course completes for those students requiring additional training and support.

Course Checklist

- You are eighteen (18) years or older
- Construction experience is an advantage, as is experience in settings with transferrable skills such as logistics, property maintenance and competitive tendering
- Have a laptop with Microsoft office programs (or equivalent) and internet access for the duration of the course
- Can read, write and speak English competently
