## ▼ Course Information

TIV's (CPC40508) Certificate IV in Building and Construction (Site Management) course is designed with input from residential and commercial builders. This ensures that we are up to date with current requirements, standards and trends. This course is ideal for men and women who have completed Year 12 and who wish to enter the Construction Industry, to pursue careers in areas such as:

- *Site Manager*
- *Project Manager*
- *Registered Builder\**

## BUILD YOUR FUTURE

Our (CPC40508) Certificate IV in Building and Construction (Site Management) course comprises individual and group activities undertaken at TIV's simulated construction sites, actual construction sites and in interactive classes throughout the overall program. This course is designed to develop your professional building skills to observe, analyse and evaluate various building operations and processes **as if you were the Site Manager.**

### Course Duration

- Two (2) days per week for a period of six (6) months followed by up to ten (10) weeks of additional training support for those who require it.
- Optional tutorials

### Student Support

Our motto is "no one gets left behind".

We run tutorial sessions every Saturday morning and some Monday afternoons. Any student can participate. The Student Support Team can be accessed directly for any additional training by any student, or by referral by their trainer. Student support continues for three (3) months after the timetabled course completes for those students requiring additional training.

### Course Checklist

- You are eighteen (18) years or older
- Construction experience is not necessary but may be an advantage
- Have a laptop with Microsoft office programs (or equivalent) and internet access for the duration of the course
- Can read, write and speak English competently

### Is The Course Subsidised?
