

CPC30220 - Certificate III in Carpentry

▼ Course Information

TIV's CPC30220 - Certificate III in Carpentry course is designed with input from residential and commercial builders. This ensures that we are up to date with current requirements standards and trends. This course is ideal for men and women who intend to pursue a career as a Carpenter without undertaking an apprenticeship.

- Carpenter
- Foreman
- Leading Hand

BUILD YOUR FUTURE

This course comprises individual and group activities undertaken at TIV's simulated construction sites, actual construction sites and in interactive classes throughout the overall program. This course is designed in two (2) parts with both in house training at our various onsite simulated workplace training sites and being employed* working for a carpentry company. The training is designed to be customised to your individual needs, experience and to the onsite work activities that you undertake. You will develop your professional carpentry skills to observe, analyse and evaluate various building operations and processes **as if you were the Carpenter running the project.**

Course Duration

This popular course structure is delivered in two parts:

- Part 1: Wednesday, Thursday and Fridays for twelve (12) months.
- Part 2: Work for eight-hundred (800) hours or more for a carpentry/building company as a carpenter on actual job sites.

Student Support

Our motto is "no one gets left behind". Our trainers will be available throughout the course, if and when students require assistance or clarifications.

Is The Course Subsidised?

YES. This course is delivered with Victorian and Commonwealth Government funding for eligible individuals. Call us today to discuss your eligibility.

Units of Delivery

The following units must be successfully completed to be awarded a CPC30220 - Certificate III in Carpentry:

CORE UNITS	UNIT TITLE
CPCCA2002	Use carpentry tools and equipment
CPCCA2011	Handle carpentry materials
CPCCA3001	Carry out general demolition of minor building structures
CPCCA3002	Carry out setting out
CPCCA3003	Install flooring systems
CPCCA3004	Construct and erect wall frames
CPCCA3005	Construct ceiling frames
CPCCA3006	Erect roof trusses
CPCCA3007	Construct pitched roofs
CPCCA3008	Construct eaves
CPCCA3010	Install windows and doors
CPCCA3016	Construct, assemble and install timber external stairs
CPCCA3017	Install exterior cladding
CPCCA3024	Install lining, panelling and moulding
CPCCA3025	Read and interpret plans, specifications and drawings for carpentry work
CPCCA3028	Erect and dismantle formwork for footings and slabs on ground
CPCCCM2006	Apply basic levelling procedures
CPCCCM2008	Erect and dismantle restricted height scaffolding
CPCCCM2012	Work safely at heights
CPCCCO2013	Carry out concreting to simple forms
CPCCOM1012	Work effectively and sustainably in the construction industry
CPCCOM1014	Conduct workplace communication
